On Wednesday evening I attended the Year 12 Graduation and was most impressed with the maturity, presentation and attitude of the students present. Congratulations to Mrs Mann and her team of helpers for the work they did in creating such a special evening for these students and their last formal function with Lake Cargelligo Central School. It was also fantastic to hear that Liana Hart was successful in gaining early entry into University last week.

Mrs Mann also organised the careers Expo last week. Feedback from parents and students would indicate that those who attended had an extremely informative time which helped to clarify some career goals and aspirations.

Online applications for Year 7 selective high school placement in 2017 opened on Tuesday 13 October 2015 and will remain open until 10:00 pm on Monday 16 November 2015. Just a reminder to the parents who have indicated their intention to apply but have not done so, that they should apply urgently as late applications are not possible.

Principal (relieving)
During week 8 and 9 all primary classes will be trialling a 10 minute eating time at the start of lunch. This will allow teachers to supervise and monitor students more closely during eating time. Lunch will continue outside as normal, following this 10 minute period.

As the year draws to an end teachers have been busy assessing students and writing reports. All teachers have noticed a considerable improvement in students' understanding of maths concepts and noted great progress in reading. Programs such as L3 and Lake Maths have contributed to these achievements and we are excited to be able to continue these programs from the beginning of 2016.

Have a great week

On This Day in History

16 November 1941 - Goebbels publishes his hate speech

On this day in 1941, Joseph Goebbels publishes in the German magazine Das Reich that “The Jews wanted the war, and now they have it”—referring to the Nazi propaganda scheme to shift the blame for the world war onto European Jewry, thereby giving the Nazis a rationalization for the so-called Final Solution.
